About the Company:

The Company is actively pursuing opportunities in Nigeria and sub-Saharan Africa in partnership with Shoreline Energy International Limited (“Shoreline”) as part of its strategy to generate stable cash flow from secure offshore and onshore assets. The Company and Shoreline, through their jointly held affiliated company Shoreline Canadian Overseas Petroleum Development Corporation (“ShoreCan”), have acquired 80% of the share capital and have taken over the management of Essar Exploration and Production Limited (Nigeria) (“Nigerian Affiliate” or the “Affiliate”). The Company’s Nigerian Affiliate has applied to the concessionaire NNPC for formal consent to the change in control of the Nigerian Affiliate. The Affiliate holds an attractive oil appraisal and development project in shallow to mid-water offshore Nigeria on its 100% holding in OPL 226. Drilling of the first appraisal well is planned to commence in 2019. ShoreCan is continuing building a portfolio of exploration and development assets in sub-Saharan Africa. To date, ShoreCan has taken a position in Nigeria and has been indicatively awarded an exploration license onshore Mozambique in the 5th Licensing Round adjacent to the producing Pande-Temane Gas and light oil field complex.
