### **About the Company**

COPL is an international oil and gas exploration and development company focused on oil and gas exploration activities offshore of the Republic of Liberia. In 2013, the Company acquired an interest in a production sharing contract from the government of the Republic of Liberia that includes a world class exploration project in the West Africa Transform margin and provides the partners the exclusive right to explore for and develop the resources within. COPL also has acquired exploration acreage with shale oil potential on the north island of New Zealand.
